

jade's
TOY BOX

Jade's ToyBox, Inc. specializes in carefully vetted, educational and eco-friendly toys

about jade's toybox.

founded by concerned parents, we at **Jade's ToyBox** believe that learning does not wait until preschool; it's a process that happens everyday from every experience. So we do the homework for you, researching quality products that include a vast selection of U.S. and European-made toys, as well as greener options from around the world made without harm to the environment.

We hand-select theme-based books, toys & resources and package them in a modern assemblage sure to please every kid.

our mission, our specialty.

we strive to give parents tools for teaching their children important themes and concepts, providing them with resources that are educational and fun to spark a love of learning in their child.

At **Jade's ToyBox**, we specialize in:

- educational and eco-friendly theme-based toys & books for children that teach important concepts like health, safety, weather, time, counting, money, reading and more.
- a focus on child safety, and better quality products devoid of lead, bpa, and other potentially harmful materials that do not belong in your child's environment.
- products devoid of tv characters and electronics,
- products made by companies that promote fair-trade practices,
- products that are better for the environment and made smarter,
- products that are fun and encourage learning.

a product sampling.

just a sampling of products you will find in a **Jade's ToyBox**:

- California-made, pots & pans, gardening sets and tea sets made of recycled milk jugs,
- organic musical plush stuffed animals,
- Brooklyn-made wooden music boxes,
- fair-trade puppets and masks,
- U.S. & european-made, wooden toys with water-based paints,
- puzzles, dollhouses & train sets made of preservative-free rubber wood,
- phthalate-free baby dolls and rubber ducks,
- even our packaging is greener: our labels, boxes and packing supplies are made of recycled materials.

sweet charity.

Our commitment to all of our children, and the Earth they inherit, is why donating to philanthropic organizations is as much a part of our business as our products. That's why we contribute up to 10% or more to charity. Contact us to host a JTB Green Toy Party to benefit the charity of your choice.

Call 212.343.8881 or email: info@jadestoybox.com.

who wee are.

angelique ledoux.

prior to founding **Jade's ToyBox**, Angelique worked as a picture editor and a writer for **TIME Magazine for Kids**, a non-fiction resource for elementary school children. It was there--and after the birth of her daughter, Jade-- that she realized the importance of reaching children from day one, and teaching them as they begin absorbing the world like a sponge.

robby ledoux.

robby learned the ropes of child entertainment working along great talents at Nickelodeon's Creative Lab. His original composing and music scores for Nick's short films series became motivation to start his own music scoring and production biz. Robby continues to work with noted producers and animators on tv, film, internet and radio projects. His other passion is safety, and he heads up JTB's safety watch team, staying current on safety-related news, recalls and trends.
